

See the latest economizer technology in action

Join the HVAC Optimization team as reps from the manufacturers of the Honeywell JADE, Belimo ZIP and the CATALYST EEC, three of the latest models of digital economizer controls, put their products on display. This unique event offers the opportunity to learn how this new technology can save customers energy and money while making setup and maintenance simpler.

Wednesday, Oct. 23, 11:00 a.m. – 2:00 p.m.

Doors open at 10:30 a.m. Stay for networking after 2 p.m.
