

HVAC Roadmap Update

November 2015

To all parties in R.13-11-005,

Commission staff is seeking comments on the HVAC Roadmap Update by Friday, November 20, 2015 by COB.

To help inform comments Commission staff and its consultant DNV-GL will be hosting a webinar to present the draft plans and address questions on **November 10, 2015 between 1pm and 3:30pm.**

Summary:

HVAC Roadmap Update : The California Public Utilities Commission (CPUC) has engaged DNV GL under the CPUC 2013-15 HVAC Research Roadmap to evaluate California investor-owned utility (IOU) heating, ventilation, and air conditioning (HVAC) program activity. The HVAC Research Roadmap is updated twice annually. The latest update of the HVAC Research Roadmap does not add new ED or IOU studies. The previous update included high level funding allocations to the exiting studies to evaluate program year 2015. Additional clarification and details have been added on the planned scope of activities based on completed reports, work progress to date, and 2015 ESPI needs.

How to file comments:

On November 10, the draft plan can be downloaded from <http://www.energydataweb.com/cpuc/> . Select the search tab and then select **Portfolio Cycle 2013-2014** and search text 'HVAC Roadmap' (no quotes). Click the search button and you will see the files for downloading.

Comments should be uploaded to the website by clicking "comment" on the plan by 5pm on November 20, 2015. In order to post comments, you will need to register on the site with an ID and password.

Details of the webinar:

November 10, 2015 at 1pm

You are invited to a meeting using Unified Meeting 5. This webinar will be recorded.
